

ANGELO REPETTO

LIVE ACT, PRODUCER

The music of Angelo Repetto's music overflows with a distinct kind of optimistic melancholy. There is always this touch of euphoric sadness in his melodies, underscored by his distinctively deep and heavy baselines.

Kamiokande is the first release Angelo Repetto will present through his new musical home at Subject To Restrictions. The Zurich producer is best-known for his live-sets, a favourite amongst dancers on Zurich's alternative scene. For this EP Berlin-based Neu Verboten gave 'Time Split' a club-friendly retouch, delivering a strong remix that reinvents the dimensions of Repetto's original vision.
